Natural Language Processing of Drug Reviews

Sentiment Analysis for Birth Control Medications

CONTENTS OF THIS TEMPLATE

Here's what you'll find in this **Slidesgo** template:

1. A slide structure based on a medical presentation, which you can easily adapt to your needs. For more info on how to edit the template, please visit **Slidesgo School** or read our **FAQs**.
2. An assortment of graphic resources that are suitable for use in the presentation can be found in the **alternative resources slide**.
3. A **thanks slide**, which you must keep so that proper credits for our design are given.
4. A **resources slide**, where you'll find links to all the elements used in the template.
5. **Instructions for use**.
6. Final slides with:
    1. The **fonts and colors** used in the template.
    2. A **selection of illustrations.** You can also customize and animate them as you wish with the online editor. Visit **Storyset** to find more.
    3. More **infographic resources**, whose size and color can be edited.
    4. Sets of **customizable icons** of the following themes: general, business, avatar, creative process, education, help & support, medical, nature, performing arts, SEO & marketing, and teamwork.

You can delete this slide when you're done editing the presentation.

INTRODUCTION

Here you can give a brief description of the topic you want to talk about. For example, if you want to talk about Mercury, you can say that it's the smallest planet in the entire Solar System

Business Problem

OUR CENTER

Do you know what helps you make your point clear?
Lists like this one:

1. They're simple
2. You can organize your ideas clearly
3. You'll never forget to buy milk!

And the most important thing: the audience won't miss the point of your presentation

Data Overview

MERCURY

Mercury is the closest planet to the Sun and the smallest one

VENUS

Venus has a beautiful name and is the second planet

MARS

Despite being red, Mars is actually a cold place. It's full of iron oxide

Modeling & Results
